

TABLE OF CONTENTS

ADVANCED DEGREES

DOCTOR OF PHILOSOPHY

Passive Target Tracking with Uncertain Sensor Positions Using Wavelet-Based Transient Signal Processing	3
---	---

AERONAUTICAL AND ASTRONAUTICAL ENGINEER

Angular Rate Estimation for Multi-Body Spacecraft Attitude Control	5
--	---

ELECTRICAL ENGINEER

An Improved Magnetic, Angle Rate, Gravity (MARG) Body Tracking System	7
---	---

MASTER OF SCIENCE

AERONAUTICAL ENGINEERING

Analysis of Tracking and Identification Characteristics of Diverse Systems and Data Sources for Sensor Fusion	11
---	----

APPLIED MATHEMATICS

Lossless Compression Using Binary Necklace Classes and Multiple Huffman Tires.....	13
Finite Element Modeling of the RAH-66 Comanche Helicopter Tailcone Section Using PATRAN and DYTRAN.....	13
A Comprehensive Statistical Analysis of Substance Abuse Patterns and Trends Within the United States Army	14
Attractor Basins of Various Root-Finding Methods.....	14
Magnetic Field Estimation Using Optimal Locations of Near Field Sensors	15

APPLIED PHYSICS

Evaluation of Alternative Communication Schemes Using Environmentally Adaptive Algorithms	17
Defining Minimum Detectable Temperature Difference (MDT) in Thermal Imager Performance Models	17
The NPS Small Robotic Technology Initiative, Man-Portable Robots for Low Intensity Conflict.....	18
Construction and Testing of Modern Acoustic Impedance Tube	18
Energetic Electron Generation by Forward Stimulated Raman Scattering Using 0.35 and 0.53 Micron Laser Light in a Plasma	19
Detonability of Hydrocarbon/Air Mixtures Using Combustion Enhancing Geometries for Pulse Detonation Engines.....	20
PSPICE Modeling and Parametric Study of Microbolometer Thermal Detectors.....	20

TABLE OF CONTENTS

Experimental Studies of Two-Way Single Element Time-Reversal in a Noisy Waveguide	21
Feasibility of Parametric Excitation of Acoustic Resonators	21

ASTRONAUTICAL ENGINEERING

Angular Rate Estimation for Multi-Body Spacecraft Attitude Control	23
Microelectromechanical Systems for Small Satellite Applications	23
Remote Nanosatellite Formation Designs with Orbit Perturbation Corrections and Attitude Control/Propulsion Subsystem Correlation	24

COMPUTER SCIENCE

Supporting the Secure Halting of User Sessions and Processes in the LINUX Operating System	25
3D Visualization of Tactical Communications for Planning and Operations Using Virtual Reality Modeling Language (VRML) and Extensible 3D (X3D)	25
Dynamic Assembly for System Adaptability, Dependability, and Assurance (DASADA) Project Analysis	26
Analyzing Input/Output Subsystem Security in Windows CE	27
Methods for Determining Object Correspondence During System Integration	27
Concepts, Applications and Analysis of a Submarine Based Wireless Network	28

DEFENSE ANALYSIS

Street Smarts: Unconventional Warriors in Contemporary Joint Urban Operations	29
Cover in Transition: Information Technologies in Overt, Covert, and Clandestine Activities	29
The Realization of Inhumanity: The Technology of Weapons of Mass Destruction	30
Innovation from Below: The Role of Subordinate Feedback in Irregular Warfare Operations	30
Understanding Ethnic Conflict: A Framework	31
Properly Applying the Military Decision Making Process in Low Intensity Conflict and Small Scale Contingencies	31

ELECTRICAL ENGINEERING

Evaluation of Alternative Communication Schemes Using Environmentally Adaptive Algorithms	33
Security of Code-Division Multiple Access	33
An Improved Magnetic, Angle Rate, Gravity (MARG) Boy Tracking System	34
Analysis of M-JPEG Video Over an ATM Network	34
VLSI Design of Sine/Cosine Lookup Table for Use With Digital Image Synthesizer ASIC	35
Time Delay Estimation for Underwater Signals and Application to Localization	35
Shipboard Wireless Network Applications	36
Localization of Wireless Communication Emitters Using Time Difference of Arrival (TDOA) Methods in Noisy Channels	36
Effectiveness of the EA-6B Aircraft Stand-off Jamming Against Threat and Early Warning Radar During Operation Allied Force in Serbia, and Operation Northern and Southern Watch in Iraq	37

ENGINEERING ACOUSTICS

Time Delay Estimation for Underwater Signals and Application to Localization	39
--	----

INFORMATION SYSTEMS AND OPERATIONS

Influence Net Modeling: The Narcotics Network in Colombia	41
Naval Reserve Support to Information Operations Warfighting	41
Perception Management and Coalition Information Operations	42

TABLE OF CONTENTS

INFORMATION TECHNOLOGY MANAGEMENT

Automating Submarine Training and Readiness Using Web-Enabled Applications.....	43
Designing a Relational Database to Facilitate Military Family Housing	43
Correlation Analysis of Fleet Information Warfare Center Network Incidents.....	44
Navy/Marine Corps Intranet Information Assurance Operational Services Performance Measures	44
Using Knowledge Management to Innovate USCG Command Center Processes	45
Using Multiple Collaborative Agents for Adaptive Quality of Service Management of C4ISR Networks	45
Defining and Validating a Covert Analysis Detection (CAD) System and its Stealthy Data Capture, Control, and Analysis Capabilities	46
The Coast Guard Knowledge Base: Building Online Communities, Teams and Experts to Facilitate Rapid Creation, Capture, and Sharing of Service Related Knowledge.....	46
Requirements for the Deployment of Public Key Infrastructure (PKI) in the USMC Tactical Environment	47
Dynamic Assembly for System Adaptability, Dependability and Assurance (DASADA) Project Analysis.....	48
Human Factors in Coast Guard Computer Security – An Analysis of Current Awareness and Potential Techniques to Improve Security Program Viability.....	48
The Use of Intelligent Real Time Technologies to Implement, Monitor and Forecast Medical Readiness.....	49

INTERNATIONAL RESOURCE PLANNING AND MANAGEMENT

Feasibility of an All-Volunteer Armed Force in Turkey	51
Implementing the Defense Resource Management Model in Emerging Democracies	51
Program Budgeting to Improve Decision Making and Resource Planning in Estonian Defense.....	52
Federalism in Indonesia.....	52
Ukrainian Military Education: High Time for Reform.....	53
Greek Military Strategy: The Doctrine of Deterrence and its Implications on Greek- Turkish Relations	53
An Analysis of the Problems and Prospects for Adopting a PPBS-Like System by the Polish Ministry of National Defense	54

LEADERSHIP AND HUMAN RESOURCE DEVELOPMENT

An Examination of Individual Influences on Honor Concept Violators at the U.S. Naval Academy	55
An Assessment of the Junior Officer Cryptological Career Program (JOCCP) in Relation to the Marine Corps Signals Intelligence Community	55
Assessment and Evaluation of the Employment of the Midshipman Information System (MIDS) as a Performance Measurement Tool by Company Officers at the United States Naval Academy.....	56
The Role of the Company Officer at the United States Naval Academy.....	56
A Statistical Analysis of the Impact of Marital Status on Nuclear Submarine Officer Retention	57

MANAGEMENT

Life Cycle Management of Bahraini Armiri Air Force F-16 Aircraft	59
Developing a Model to Assess Information Technology Investment Management in Government Agencies	60
Analysis of Changes in Federal Financial Ratios	60
An Analysis of the F/A-18 E/F Integrated Readiness Support Teaming (FIRST) Program (DRAFT).....	61

TABLE OF CONTENTS

The Required Restructuring Process for the Romanian Armed Forces: Major Step Toward NATO Membership.....	61
Analysis of Inter/Intra Ship Material Movement in Sea Based Logistics Using Simulation.....	62
A Model for Training, Education and Development of U.S. Navy Patrol Coastal Boat (PC) Personnel Using Distributed Learning Technologies	62
A Comparative Analysis of Risk Management Plans Within the Defense Contract Management Agency	63
An Assessment of the World Wide Express (WWX) Program and its Effects on Customer Wait Time (CWT) and Readiness	63
Army Small Business Innovation Research: A Survey of Phase II Awardees	64
Analysis of Armed Services Board of Contract Appeals, General Accounting Office, and Federal Court Decisions on Best Value in Federal Procurement	64
The Potential Role of the United States Maritime Service (USMS) in Supporting Ready Reserve Force Vessel Crewing Needs.....	65
Alternative Command Funding and Functional Organization at the Space and Naval Warfare Systems Command (SPAWAR).....	65
Lessons Learned from a Web Based Distributed Learning Case Study: Evaluation of Course Design, Modules, Effectiveness and Students' Performance and Reactions.....	66
An Assessment of Turkish Defense Industry and Turkey's Efforts to Transfer Military Technology: Strategies for Arming the Future.....	66
A Study of Contract Types Used by the Armament Corporation of South Africa (ARMSCOR)	67
Financial Analysis of Federal Employee Financial Disclosures to Identify Unexplained Affluence and Financial Stress.....	67
The 12 Phase Acquisition Process: A Comparison of Theory vs. Practice	68
An Analysis of Budget Execution in Zimbabwe and Suggested Improvements	68
Fundamental Dimensions of Financial Condition in the Federal Government.....	69
Flying Hour Program Cash Management at Commander Naval Air Forces Pacific	69
A Comparison and Analysis of the Estimated Service Life of Carrier-Based Tactical Aircraft as Impacted by Operational Tempo.....	70
Logistics Planning for Deployment: A Comparative Study of the Royal Norwegian Air Force and the United States Air Force.....	70
An Analysis of the Consolidation of Marine Corps Purchasing and Contracting Services Through a Geographical Regional Office	71
Reconstitution Costs of Aircraft Launch and Recovery Equipment Due to Contingency Operations	71
Electronic Chart Display and Information System-Navy: Analysis and Recommendations.....	72
Factors Affecting First-Term Reenlistment Decisions in the United States Army.....	72
Assessing the Outcomes of Regionalization in the Navy Region, Southwest	73
Outsourcing Market Research in Department of Defense Commodity Acquisition: The Issues, Concerns, and Private Industry Capabilities.....	73
Contract Security in the Paperless Realm.....	74
A Case Study of the Army Reverse Auction	74
Aging Aircraft Wiring: A Proactive Management Methodology	75
Non-Monetary Performance Metrics for Use in a Technology Exchange Organization	75
Modernization of the Czech Air Force	76
Analysis of the U.S. Army Assignment Process: Improving Effectiveness and Efficiency	76
Improving Life-Cycle Cost Management in the U.S. Army: Analysis of the U.S. Army and Commercial Businesses Life-Cycle Cost Management	77
Major Weapon Systems Acquisition and Life Cycle Cost Estimation: A Case Study	77

MECHANICAL ENGINEERING

Mult-Level Technique for Stiffness and Strength Calculations of Woven Fabric Composite Plate and Shell Structures.....	79
Adaptive Multi-Layer LMS Controller Design and its Application to Active Vibration Suppression on a Space Truss.....	79

TABLE OF CONTENTS

Computational Mechanics of the Full-Scale and Model-Scale Roll-on, Roll-off (RORO) Stern Ramp and Experimental Modal Analysis of the Model-Scale Ramp and Support	80
Modeling of Shipboard Smoke Propagation with a Forced Counter-Flow Air Supply	80
Determination of Inclusion Chemistry and Size Distribution in Stel Weldments by Analytical Electron Microscopy	81
AUV Steering Parameter Identification for Improved Control Design	81
Vertical Plane Response of Surface Ships in Close Proximity Towing	81
A Hot-Stage Atomic Force Microscope for the Measurement of Plastic Deformation in Metallic Thin Films During Thermal Cycling	82
Development of Experimental Facility for Roll-on Roll-off Ramp Isolation Dynamics.....	82

OPERATIONS RESEARCH

Performance Metrics for Correlation and Tracking Algorithms.....	83
Exploring the Validation of Lanchester Equations for the Battle of Kursk.....	83
Re-Engineering the Enrollment Management System at the Monterey Peninsula Unified School District (MPUSD)	84
Javamix: A Tactical Decision Aid to Evaluate Minefield Clearance Plans.....	84
Statistical Analysis of Naval Aviation Depot Repair Cycle Time Reduction for the F/A-18 C/D Aircraft	85
A Multi-Attribute Decision Support Model for ‘Best Value’ Source Selection	85
Analysis of Maintenance Records to Support Prediction of Maintenance Requirements in the German Army.....	86
Organizational Climate and Its Relationship with Aviation Maintenance Safety	86
Statistical Validation of Track Quality Numbers for Joint Interoperability Testing of Theater Air and Missile Defense Families of Systems.....	87
An Army Reserve Manpower Planning Model	87
Stochastic Simulation of a Commander’s Decision Cycle (SSIM Code).....	88
Case Study in Modeling and Simulation Validation Methodology	88
Effectiveness of Naval Surface Fire Support to the Army Brigade Commander in a Littoral Campaign	89

PHYSICAL OCEANOGRAPHY

Visualization and Assessment of Global Ocean Data Assimilation Experiment Profile Data for the Pacific Ocean.....	91
Visualization and Feasibility Analysis of the Global Ocean Data Assimilation Experiment, North Atlantic Basin, September 1999 to March 2001	91

PHYSICS

Optimization of Multiple Platform Precision Geolocation Through Computer Simulation	93
Advanced Applications for 0.53 μm Laser Light	93

PROGRAM MANAGEMENT

The Role of High Performance Computing in Simulation Based Acquisition: A Case Study Based on Experiences in the RAH-66 Comanche Program	95
A Case Study of Acquisition Reform: Brigade Combat Team, The Vanguard for Army Transformation.....	95
A System Analysis of the Recruitment and Retention Problems Associated with the Program Manager for Chemical Demilitarization Organization	96
Software Metrics for Post Deployment Software Support Systems: A Case Analysis for the Chemical Accountability Management Information Network	96
A DoD Conundrum: The Handling of Federal Retail Excise Tax in the Army’s Medium and Heavy Truck Fleet.....	97
Department of Defense (DoD) and Industry – A Healthy Alliance.....	97

TABLE OF CONTENTS

Analysis of Chemical Agent Resistant Coating (CARC) and Chemical Decontamination Doctrine in Relation to Tactical Wheeled Vehicles (TWV).....	98
Windows in the Ceiling...Leadership Advice and Strategies From Successful Female Executives	98
A Business Case for Using Modeling and Simulation in Developmental Testing	99

SOFTWARE ENGINEERING

Evaluation of the Extensible Markup Language (XML) a Means of Establishing Interoperability Between Multiple DoD Databases	101
Extensible Markup Language (XML) Based Analysis and Comparison of Heterogeneous Databases.....	101
Application of the Nogueria Risk Assessment Model to Real-Time Embedded Software Projects.....	102
A Requirements Specification of Modification to the Functional Description of the Mission Space Resource Center.....	102
An Application of Role-Based Access Control in an Organizational Software Process Knowledge Base.....	103

SYSTEMS ENGINEERING

Localization of Wireless Communication Emitter Using Time Difference of Arrival (TDOA) Methods in Noisy Channels	105
---	-----

SYSTEMS TECHNOLOGY

Terrain Categorization Using Multitemporal Infrared Imagery	107
Vulnerability Assessment Through Predictive Modeling of IEEE 802.11 Standard Wireless Local Area Networks	107
Influence Net Modeling: The Narcotics Network in Colombia.....	108
Computer Network Defense: A Survey of Network Tracing Techniques	108
3D Visualization of Tactical Communications for Planning and Operations Using Virtual Reality Modeling Language (VRML) and Extensible 3D (X3D).....	109
Experimentation Methodology for Evaluating Operational Infocon Implementations	109
Vulnerabilities Associated with Remote Access to Timestep Virtual Private Networks (VPNs)	110
Information Security Requirements for a Coalition Wider Area Network.....	110
Exploitation of an IEEE 802.11 Standard Wireless Local Area Network Through the Medium Access Control (MAC) Layer	111
Terrain Categorization Using Multitemporal Synthetic Aperture Radar (SAR).....	112
Using Multiple Collaborative Agents for Adaptive Quality of Service Management of C4ISR Networks	112
Vulnerability Assessment of Wireless Data Network Signal Transmissions	112
Worldwide Meteorological and Oceanographic Data Distribution Using the Global Broadcast Service.....	113
Network Defense-in-Depth: Evaluating Host-Based Intrusion Detection Systems.....	113

MASTER OF ARTS

INTERNATIONAL SECURITY AND CIVIL-MILITARY RELATIONS

End of the Islamic Cold War: The Saudi-Iranian Détente and its Implications.....	117
--	-----

NATIONAL SECURITY AFFAIRS

Rwanda Reconsidered	119
Extending U.S. Theater Missile Defense to Northeast Asia: Ramifications for Regional Security	119
The Stability Pact for South-Eastern Europe – Potential, Problems, and Perspective.....	120

TABLE OF CONTENTS

Environmental Security in a Post Soviet Europe	120
Kaliningrad and Baltic Security	121
Open Source Acquisition and Analysis: Leveraging the Future of Intelligence at the United States Central Command	121
U.S. Iranian Relations: Prospects for Rapprochement	122
Japan's Constitution, Prospects for Change: Impact on U.S. Force Presence in Japan	122
The Taliban and Islamic Fundamentalism in Central Asia.....	123
Russia's Place in Central Asia.....	123
The Honeymoon is Over: Hungary's First Two Years in NATO.....	124
Still Divided: Security in the Central and East European Multi-Paced Democratization Process.....	124
Hydro-Crisis in the Middle East: Water Schemes for a Thirsty Region.....	125
The Taiwan Question: Identifying Common Ground to Maintain Stability and Develop Constructive Dialogue.....	125
Clausewitz and the Theory of Military Strategy in Europe – Reflections Upon a Paradigm of Military Strategy Within the European Common Security and Defense Policy (ESDP)	126
Political Parties and Demography in Haiti	126
Importance of United States Naval Forward Presence in Mediterranean Affairs.....	127
Ukrainian Naval Reform: Required for Survival.....	127
Future Indonesia-East Timor Relations: An Analysis of the Regional Security Practices in the Cold War and After	128
Post-Cold War Russian/West Relations: U.S. Foreign Policy Initiatives, Sources of Friction, and Prospects for the Future	128
Defining and Coping with Wicked Problems: The Case of Fort Ord Building Removal.....	129
End of the Islamic Cold War: The Saudi-Iranian Détente and Its Implications	129
The Baltic Republics: Priorities for Western Integration	130
Religious and Ethnic Warfare: The Kosovo Case	130
Germany's Interests and Policy in and Toward the Middle East in the Context of the Arab-Israeli Conflict	131
Expanding the ROK Navy: Implications for the U.S.-ROK Alliance	131
Omnibalancing and the House of Saud	132
Democratization, Economic Interdependence, and Security Cooperation Between Argentina, Brazil, and Chile.....	132
Palestinian Refugees and the Regional Security Implications of the Peace Process	133
Russia's Submarine Force: Determinants and Prospects.....	133
Evolution of Russia-NATO Relations in the 1990s.....	134
Nuclear Weapons Accidents and Accidental Nuclear War: Is Pakistan at Risk?	134
A Changing European Security and Defense Architecture and its Impact on Turkey.....	135
Turkey and the Middle East: Threats and Opportunities	135
STUDENT INDEX	137
ADVISOR INDEX.....	141
